

Century Therapeutics Reports Second Quarter 2021 Financial Results and Business Updates

August 12, 2021

*Continued Company investment across our iPSC platforms, programs, and manufacturing
Lead program, CNTY-101, remains on track for IND filing in mid-2022
Recent IPO with net proceeds of approximately \$221M
June 30, 2021 cash, cash equivalents, and marketable securities of \$440M*

PHILADELPHIA, Aug. 12, 2021 (GLOBE NEWSWIRE) -- [Century Therapeutics](https://www.centurytx.com/), (NASDAQ: IPSC), an innovative biotechnology company developing induced pluripotent stem cell (iPSC)-derived cell therapies in immuno-oncology, today reported financial results and business highlights for the second quarter ended June 30, 2021.

"With the proceeds raised from our IPO in June, we are well positioned to advance our lead candidate CNTY-101 toward clinical development, targeting IND filing in mid-2022," said Lalo Flores, Chief Executive Officer, Century Therapeutics. "We continue our investment in our iPSC platforms and are pleased with the progress achieved in developing iPSC-derived cell product candidates for the treatment of cancers with high unmet clinical need. We look forward to providing scientific updates on our programs and platform in the second half of 2021."

Recent Highlights

- **Raised \$221 million in public offering of common stock:** In June 2021, the company announced a public offering of 10,550,000 shares of its common stock at a price of \$20 per share. The underwriters also exercised their option to purchase an additional 1,582,500 shares of common stock for total offering net proceeds of \$221 million.
- **Expanded our Board of Directors:** The Company appointed pharmaceutical industry veterans Alessandro Riva, M.D. and Kimberly Blackwell, M.D., as new Independent Directors.
- **Continued manufacturing and technical operations investment:** Our US manufacturing facility is expected to be operational by end of 2021.

Second Quarter 2021 Financial Results

- **Cash Position:** Cash, cash equivalents and marketable securities were \$440.0 million as of June 30, 2021, as compared to \$246.1 million as of March 31, 2021. This includes \$221.2 million in net proceeds from the company's public offering in June 2021.
- **Research and Development (R&D) expenses:** R&D expenses were \$18.9 million for the three months ended June 30, 2021, compared to \$8.5 million for the same period in 2020.

General and Administrative (G&A) expenses: G&A expenses were \$4.1 million for the three months ended June 30, 2021, compared to \$2.3 million for the same period in 2020.

- **Net loss:** Net loss was \$23.3 million for the three months ended June 30, 2021, compared to \$15.3 million for the same period in 2020.

About Century Therapeutics

Century Therapeutics (NASDAQ: IPSC) is harnessing the power of adult stem cells to develop curative cell therapy products for cancer that we believe will allow us to overcome the limitations of first-generation cell therapies. Our genetically engineered, iPSC-derived iNK and iT cell product candidates are designed to specifically target hematologic and solid tumor cancers. We are leveraging our expertise in cellular reprogramming, genetic engineering, and manufacturing to develop therapies with the potential to overcome many of the challenges inherent to cell therapy and provide a significant advantage over existing cell therapy technologies. We believe our commitment to developing off-the-shelf cell therapies will expand patient access and provide an unparalleled opportunity to advance the course of cancer care. Forward-Looking Statements

This press release contains forward-looking statements within the meaning of, and made pursuant to the safe harbor provisions of, The Private Securities Litigation Reform Act of 1995. All statements contained in this press release, other than statements of historical facts or statements that relate to present facts or current conditions, including but not limited to, statements regarding our cash and financial resources, our clinical development plans, and the development of our U.S. manufacturing facility are forward-looking statements. These statements involve known and unknown risks, uncertainties and other important factors that may cause our actual results, performance, or achievements to be materially different from any future results, performance or achievements expressed or implied by the forward-looking statements. In some cases, you can identify forward-looking statements by terms such as "may," "might," "will," "should," "expect," "plan," "aim," "seek," "anticipate," "could," "intend," "target," "project," "contemplate," "believe," "estimate," "predict," "forecast," "potential" or "continue" or the negative of these terms or other similar expressions. The forward-looking statements in this presentation are only predictions. We have based these forward-looking statements largely on our current

expectations and projections about future events and financial trends that we believe may affect our business, financial condition, and results of operations. These forward-looking statements speak only as of the date of this press release and are subject to a number of risks, uncertainties and assumptions, some of which cannot be predicted or quantified and some of which are beyond our control, including, among others: our ability to successfully advance our current and future product candidates through development activities, preclinical studies, and clinical trials; our reliance on the maintenance of certain key collaborative relationships for the manufacturing and development of our product candidates; the timing, scope and likelihood of regulatory filings and approvals, including final regulatory approval of our product candidates; the impact of the COVID-19 pandemic on our business and operations; the performance of third parties in connection with the development of our product candidates, including third parties conducting our future clinical trials as well as third-party suppliers and manufacturers; our ability to successfully commercialize our product candidates and develop sales and marketing capabilities, if our product candidates are approved; and our ability to maintain and successfully enforce adequate intellectual property protection. These and other risks and uncertainties are described more fully in the "Risk Factors" section of our most recent filings with the Securities and Exchange Commission and available at www.sec.gov. You should not rely on these forward-looking statements as predictions of future events. The events and circumstances reflected in our forward-looking statements may not be achieved or occur, and actual results could differ materially from those projected in the forward-looking statements. Moreover, we operate in a dynamic industry and economy. New risk factors and uncertainties may emerge from time to time, and it is not possible for management to predict all risk factors and uncertainties that we may face. Except as required by applicable law, we do not plan to publicly update or revise any forward-looking statements contained herein, whether as a result of any new information, future events, changed circumstances or otherwise.
